Project Meeting Notes 21-22

Project Meeting Notes (5% of your module mark) must be submitted using MS Forms only. In order to get a 5% mark for your meetings, you must submit 10 approved meeting notes. The weighting is proportional. The submission deadline is 6/5/22 at 12:00 (noon).
You must seek your supervisor's approval before submitting this, the easiest way is use the student's cartridge and ask them to sign your meeting notes in the cartridge.
Remember to tick "Send me an email receipt of my responses" at the end of this page to receive a confirmation email. Please note that you need to forward the "confirmation email" to your supervisor in order to validate this submission.

1. Student Name: *

Ruya Kumru-Holroyd

2. Project Title: *

Creating a control mapping program for game accessibility

3. Supervisor: *

Dr Jethro Shell

4. Objectives for Period (max 100 words): *

Begin writing report and Literature review, also begin to fully design and create first prototype game. Also, make a test plan as begin the actual coding and designing of prototypes and the mapping program. Continue looking into coding solutions and researching user controls and settings and how to map controls as well as what controls are needed.

5. Summary of Progress for Period (max 100 words): *

Started writing report and literature review, had written roughly 1200 words of the literature review, and was continuing research for it as well as starting to design and plan the game prototypes with at least one solid idea for the first game prototype which was, to make a 2d basketball shooter which includes a character in a wheelchair for disability representation.

6. Problem Areas and Suggested Solutions (max 100 words): *

Was unsure of how to go about writing a Literature review and what was exactly needed, had put in a section of "reviewing materials" but was suggested that I didn't need to do that, but instead to write out the information that I have read and reference them in relation to my project

7. Objectives, Deliverables & Plan for Next Period (max 100 words): *

To fully create at least one prototype, and begin the other, complete report for the first deliverable which includes the literature review, functional requirements, system design and indicative test plan. And, to be ready to showcase development so far for the first meeting of the new term with the supervisor and write about it as an implementation report within the first

8. Student Signature: *

Please modify this text and put it in the box below.

I, Student's First name and Last name, confirm that the information given in this form is true, complete and accurate.

I, Ruya Kumru-Holroyd, confirm that the information given in this form is true, complete and accu

9. Comments (if any, max. 200 words):

Enter your answer

10. Date of the Meeting: *

09/12/2021

11. Date of Next Review:

Please input date (dd/MM/yyyy)
